

Young Innovators Programme (YIP)

Young Innovators Programme is a specially designed programme under Kerala Development and Innovation Strategic Council (K-DISC). The programme aims to empower future innovators to innovate new products, services or models to meet emerging requirements, unarticulated needs, or existing market needs of the society more effectively through a creative challenge. After forming specific teams, students can upload their innovative ideas through the YIP platform. Each team should have a mentor (faculty) and a team leader (student).

Bishop Chulaparambil Memorial College is a registered institution of the YIP programme. The College renewed its registration during 2021-22. Intending to encourage the innovative ideas of the students, the YIP@BCM has organised a competition for the students for obtaining their creative ideas during September 2021.
