- Kerala Development & Innovation Strategy Council,(K-DISC) is a strategic think-tank and advisory body constituted by the Government of Kerala to bring out path-breaking strategic plans that reflect new directions in technology, product and process innovations etc. towards creating a healthy and conducive ecosystem for fostering innovations in the state of Kerala.

Young innovators program (YIP), which was launched in 2018 is the specially designed, flagship program under KDISC that aims to empower future innovators.

So with a vision to enlighten the innovative side of the students Principal of BCM College, Kottayam Dr.TeenaAnnah Thomas took the initiative to ensure the participation of BCM College.As a part of this, five student's from the economics department were selected to register their innovative idea with the prestigious Young Innovators Program(YIP 2020-23).The team selected the star challenge and among various topics area provided,the topic that was selected by the group was "The Problems of Elderly".

Crust of the idea:

The majority problems of elderly is associated with stress that comes out from having lack of savings. The people all around are facing problems due to lack of savings irrespective of caste, religion, gender etc. As a sample the group approached the people of kumarakom village, where they realized that through many private and public micro-financial setups being continued, people are still lacking in savings due to lack of proper awareness and undergoing stress as a consequence of lack of money saving. Thus tending to develop a proper micro financing measure through proper channel where all the transactions and savings will be digitally recorded. Thus the problem of elderly in relation with the money saving can be resolved under proper treatment.

Hence after a series of steps like Institution registration, Primary contact registration, Ideator registration, the idea got successfully registered with YIP 2020.

The support rendered by Shalini miss, Merlyn miss and Lenny miss along with the firm stand made by Economics Association, ZALIG 2K20 ensured the empowerment of students through their innovative side.

- 3. Harsha Ann George (3rd dc economics)
