Brochure

"Alphabet Hub " the resourceful program organised by the Department of English, Bishop Chulaparambil Memorial College, Kottayam, enhances the communicative and other basic skills of the first year UG students of the college. As it happens every year, the Alphabet Hub

organised classes on the topic "English Language Development" on 15 January 2019 and 17 January 2019 by Mrs. Minu Alex, Assistant Professor, Department of English, Mrs Phiona Elizabeth Joshy, Assistant Professor, Department of English and Ms. Nisha Mary Peter, B.Ed Scholar, EFLU University. The interactive sessions with first year UG students dealt with the definition of English Language Development and the different ways to develop English language competency. The students got fully immersed in the class as they were given opportunities to talk about their favourite book they had read. The class also discussed how students can acquire and develop English language through different ways. Students were asked to read English books, watch English movies and sing English songs to develop their language.
