SWAAD- Student Work in Alternate and Allied Domains

1. SWAAD

1.1 Introduction

The SWAAD (Student Work in Alternate and Allied Domains) is a unique practice adopted by the institution which has enabled the Department of Food Science and Quality Control (FSQC) to put into practice the concept of self-employment. The SWAAD functions under three domains which are Canteen, Coffee shop and FOOD TIC Incubation Centre. The students of the B.Sc. programme in Food Science and Quality Control took the initiative to start The Canteen and Coffee Shop in 2014. The students have been managing the Canteen and Coffee Shop Management under the leadership of FSQC students. The students in the campus help in the maintenance and working of the canteen. It has built their skills tremendously. The students' managerial skills improved over time. The FOOD TIC Incubation Centre lends technical expertise to budding entrepreneurs. Similarly New Product Formulations are devised and designed in the Incubation Centre, prepared in the canteen by the

students themselves and kept for sale in the coffee shop. Faculty and students are active participants in food festival innovations and cultural fests. Birthday orders for cakes and puddings are all undertaken via the incubation centre which was formally inaugurated on 10th January 2017 by Dr. Christi Fernandez, IAS, Chairman of KSIDC and former Secretary to the President of India. The incubation centre is named FOOD TIC (Food Technology Incubation Centre). The plan is to develop the centre in a phased out manner over a period of time. All of the students, the first years, second years and the third years have together put in their best in running the SWAAD successfully. It was run till the Covid pandemic outbreak in March 2020.

Activities of SWAAD

College Canteen

Coffee Shop

College Canteen

College Canteen

FOOD TIC LOGO

1.2 Objectives

1. To set an example of healthy and practical food choices consistent with the student's classroom learning and experiences.
2. To develop managing skills and entrepreneurship skills in students.
3. To provide a healthy and appealing recess and lunch service to the students and faculty of the institution
4. To offer as many fresh choices as can be managed by the available volunteers.
5. To provide management of an enterprise in areas of finance, designation, description, team work,

decision making, research and development and formulations of food products.

1.3 Description

The students are allotted the charge of the Coffee shop and its management. The students are divided into groups on a rotational basis . The canteen and coffee shop are inspected daily for maintaining proper cleanliness and hygiene, sales and income , stock checks , menu planning and snack formulations as a part of innovations in the coffee shop. The FOOD TIC Incubation Centre lends technical expertise to budding entrepreneurs. The small scale industries and the potential small scale entrepreneurs in food products need technical assistance in areas like product formulation , healthy ingredient substitution, compliance with food safety standards, cost effective preparations and substitutions, value additions, storage and shelf life. The incubation centre intends to provide technical assistance in the above areas. The monitoring of SWAAD is done daily and deficiencies are noted , signed by the canteen aids and counters signed by the Head of The Department.

1.4 Food Incubation Centre

GHUJIYA

As part of food incubation centre, there was a formulation of an innovative product named Ghujiya , was

prepared in our college canteen by students. This product was sold at our coffee shop outlet. This product was highly nutritious. It was made from whole wheat flour and was made into a dough. The dough was stuffed with coconut, jaggery and was flavoured with cardamom. The product was a great success.

NOODIYA

The new product 'Noodiya' was a spicy product made out of wheat dough and spicy noodles which was at last deep fried and sold at our coffee shop outlet. It was sold out at 5 rupees. This product was a huge success.

KIZHI

In the incubation centre, “KIZHI” was introduced by the students. This product is incorporated with a lot of ethnic properties making the product a healthy one. Two types of kizhi were made, chicken kizhi and sweet kizhi. Kizhi is basically a steamed food product stuffed with chicken and also jaggery. The product was well appreciated and had a good response overall.

CHICKEN CUTLET

As part of the incubation centre, a new product was made with chickpea, named chickpea cutlet. The product was fast moving among the students and had a very good

SHAK-SHUK-KAH

As a part of the World Food Week Celebrations, the final year students of the Department of Food Science and Quality Control developed a new product, Shak-Shuk-kah. The food week aims to provide people with the opportunity to try something new and be more adventurous with their food choices. Shak-Shuk-kah was kept for sale at the coffee shop and all 70 products were sold out at 12 rupees each.

MASUKHAN

As a part of "Food TIC" developed by the Department of Food Science and Quality Control, new Products are developed by the students with the help of the teachers in accordance with our curriculum. To create a new product, various discussions were carried out to develop the idea and the students were assigned to do various duties. Some were asked to purchase the raw materials and others were asked to do the works related to development of new product. These involved the development of idea and convincing the teachers on our idea and also include the development of product in the canteen. A total of 80 number were prepared by the students and sold at the coffee shop. Masukhan is a chicken-based prod-

uct enriched with various vegetables. The idea generated from the concept of a food rich in nutrients. The product should also be healthy and delicious. So, a fried product is made with ingredients including both vegetables and chicken. The product was sold through the Coffee shop, and received a good opinion from the teachers and students of the college. We were overwhelmed with all the positive reviews and it was an experiential learning method for the participating students.

TUDUO HUNAN NEST

Tuduo and Hunan are Chinese words meaning "Potato" and "Chicken" respectively. The main ingredients of the product are potato, chicken and is in the shape of a nest hence given the name "Tuduo hunan nest". It was sold in the coffee bar for rupees 10 each portion size being 90. The product was developed by third year students by using the canteen facilities.

PINEAPPLE UPSIDE DOWN CAKE

An order for a pineapple upside down birthday cake was placed through the Incubation Centre. Pineapple, flour, eggs and sugar were the main ingredients.

BUTTER ICING CAKE

A 2 kg Butter Icing cake was baked through an order received by the Incubation Centre. Butter, flour, eggs and sugar were the main ingredients.

PINEAPPLE AND BANANA WINE

Pineapple and Banana wines were made through the Incubation centre for use in the Food Analysis Laboratory. The students of food science and quality control in accordance with Christmas formulated the following products: Banana wine, Christmas cookie, Oreo balls Candy cane cookies.

BANANA WINE

Chop bananas (with skin intact), add sugar, raisins and stir gently with a long wooden spoon. Add proofed yeast, crushed cloves, cinnamon, and chilies and stir gently. Cover the jar with a lid and let sit in a warm place for 15 days. Every few days, use a sanitized paddle to give the mixture a quick stir. Rack wine using sanitized equipment into sterilized bottles, close the bottles tight, and keep in a dark and cool place for another 2 months for the wine to reach a good alcohol volume. Do not touch the wine during this period.

MINI CHOCOLATE PASTRY

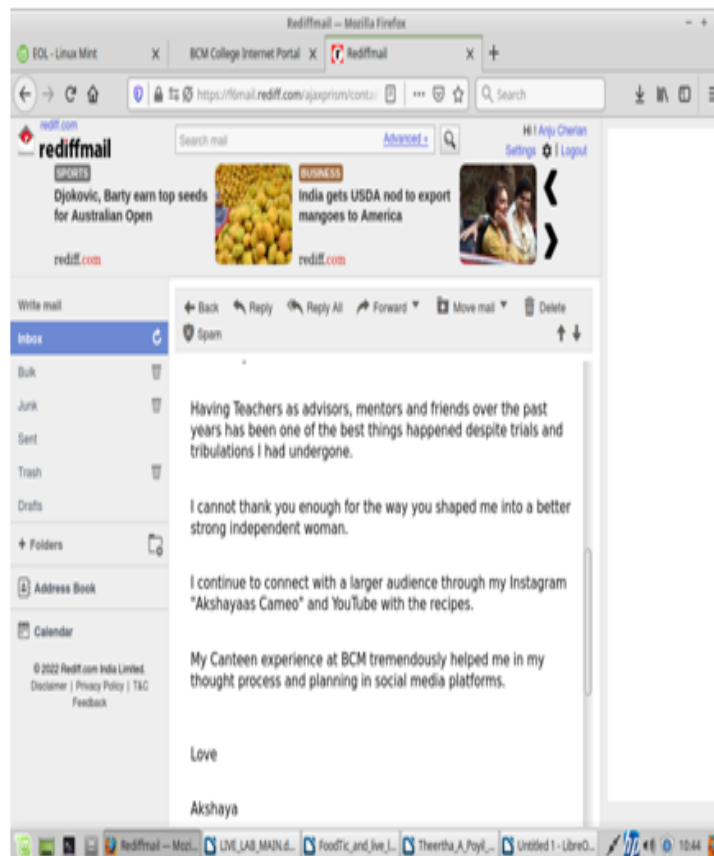

The students of the Department of Food Science and Quality Control as part of the incubation centre, formulated a product named "Mini Chocolate Pastry". The product was sold in the college coffee bar at rupees 30 per piece. We prepared the product as part of the Christmas program.

1.5 Success Stories

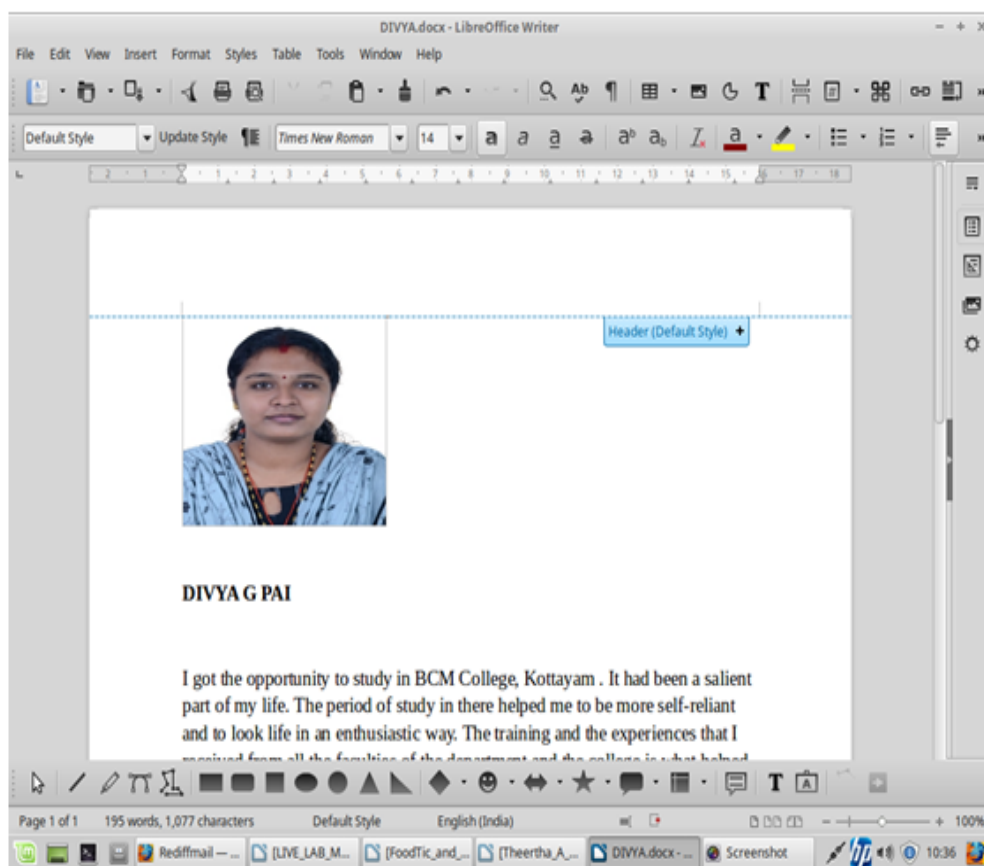

Participation in livelab has helped the students to improve their life skills, develop entrepreneurship and placement in food industries. Students also gained confidence in their work through working in this space.

FEEDBACK BY STUDENTS

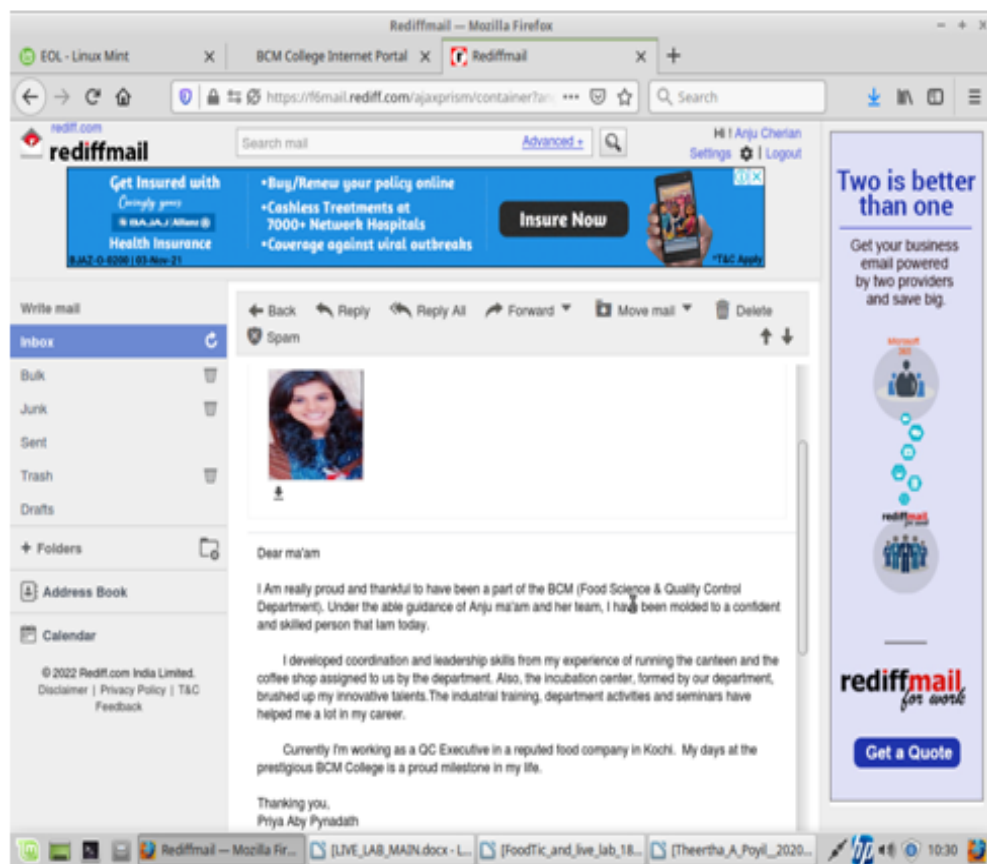

Akshaya Merin Babu

Divya G Pai

Priya Aby

Dt. Jephheria

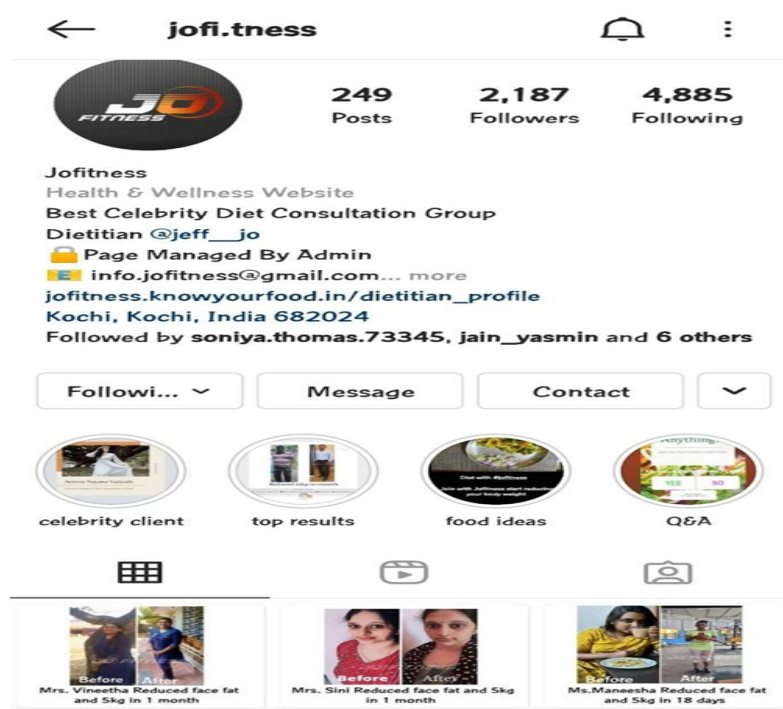

Currently I am working as a Nutritionist with a US based company by the same time i do have a firm "Jofitness" focus into diet and nutritional care for public and celebrities...one of the leading firms in Kochi and we do provide our services all across the 90+ countries.

I am so happy to share my story with you because what I am now is only because of my experience and training which I received from my teachers and HOD of food science and quality control department of B.C.M college Kottayam. Really my graduation program shaped me to real entrepreneur in me. The training programs, classes, workshops also help in generating multiple talents in me. The inspiration of Anju mam helps me to reach the top level of my career. Actually, I am m so happy to say that i was

a student of the department. And what I am now is it's the BCM. I will be always grateful to my teachers and HOD of B. C. M COLLEGE KOTTAYAM

Regards,
Dt. Jeffriya
Jofitness

Akshaya Merin Babu (2017)

I'm really proud to be the alumni of BCM Food Science and quality control. The teaching has taught me how to have views other than my own while also holding my own beliefs close to my heart. I don't know if it is possible to convey my gratitude in words, the sense of gratitude I feel. Having Teachers as advisors, mentors and friends over the past years has been one of the best things happened despite trials and tribulations I had undergone. I cannot thank you enough for the way you shaped me into a better strong independent woman. I continue to connect with a larger audience through my Instagram "Akshayaas Cameo" and YouTube with the recipes. My

Canteen experience at BCM tremendously helped me in my thought process and planning in social media platforms.

Love
Akshaya

I'm very glad to share this write up because what i am today is only because of food science and quality control. The Department HOD and my teachers helped me to get into Canteen management program and new product development. It helped me to find out an entrepreneur in me...it also teaches me how to handle a huge team as well as time. Proudly I can say that I am the owner of Zoe Kitchen.

Keerthi Ramanan (2018)

I am thankful to all the faculty members of the Col-

lege for their continuous efforts and support. Apart from excellent academic experience, I also gained the benefits of being a part of our department activities like seminars and other related programmes. Especially the incubation centre that was very helpful for my career path, on that time I learned how to develop a new Product. Moreover, that our department was sending Students for industrial projects with reputed food companies, that also very beneficial for my job career. I cherish every moment spent at BCM College. As a quality assurance officer, I'm proudly say that my graduation at BCM College has been a very interesting and awesome journey.

Ashwathy Manoj (2015-2018) I was really blessed

to be a part of BCM family especially when you are lead by such prestigious faculties. They have given me all the opportunity to showcase all my talents and to embrace myself. The guidance that I have got from here has made me confident and start thinking out of the box which is very important while working in a product development department. The best thing was being a part of incubation centre which gave me the desire to stretch my own talents.

Nurtury-Child Care Initiative

2. NURTURY- CHILD CARE INITIATIVE

2.1 Objectives

1. It aims to provide the learners a platform to apply their theoretical knowledge in practice.
2. To build ability among the students to move beyond classroom and lab barriers by applying theory in real life situations.
3. To enhance social commitment, community engagement, alternative learning, personal engagement with the local community.
4. To develop leadership skills among students through Practical learning.
5. To provide developmentally appropriate programs for preschool children, teachers and their parents
6. To bring out a young generation who has a prosperous growth in their profession.

2.2 The Context

This initiative was taken to make students aware of the appropriate learning programs for preschool children, children with learning disabilities and their parents and teachers under the guidance of the Department of FACS. It started in 2015.

2.3 The Practice

The live lab functions under the guidance of the Department of FACS. As part of NURTURY, awareness campaigns for improving the learning skills of differently abled children, classes on preparation of their teaching aids, indigenous and creative toys are conducted. This has helped in assessing children with disabilities, suggesting interventions and remedies for special children (Learning Disability, Attention Deficit Hyperactivity Disorder) and monitoring the growth and assessing the holistic development of children.

2.4 Activities

- Conducted awareness campaigns on various topics for ECCE teachers for improving the status of young children.

Diet and Stress Management Clinic

3. DIET AND STRESS MANAGEMENT CLINIC

3.1 Context

Over the past few decades, there has been a paradigm shift in eating habits. With the rise of food processing and technology, there has been a shift from eating healthy and traditional foods to refined and processed foods. As a result, our basic diet loses the essence of adequate nutrition.

Realizing the need for a balanced diet for an individual in the present society and understanding the need for stress management, the department of Family and Community Science of the College has initiated a LiveLab, Diet and Stress Management Clinic. The aim of the Live Lab is to help the students follow a healthier lifestyle and to lead a happy and stress free life.

Under the patronage of Principal Dr. Sr. Betsy, the Family and Community Science Department of BCM College has started a diet clinic to improve the diet and develop a healthy lifestyle son 13/01/2017. It

was Inaugurated by the Principal and initiated by Miss Anju Annette and Miss Sharon Mary Varghese. It puts into practice the knowledge gathered by the students of the department from their curriculum and also helps in their career development. It also gives the students of other departments an opportunity to practise in this livelab and utilize the learning environment.

3.2 Objectives

- To put into practice the theoretical knowledge of Diet and Stress Management gained by the students from the curriculum
- To give the students from all the departments an opportunity to involve in the activities of the Live

Lab

- To make them professional in their approach.
- To empower women students by helping them to nurture their own skills for a better career in future.
- To help the college students and staffs to deduce their health status frequently
- To help young minds to release their mental burden and help them to give up stressful life
- To help young students and all staff in the College follow a healthy diet.

3.3 The Practice

- The Live Lab imparts the nutrition education and guidance to the basic nutritional assessment (BMI, WHR, Blood Pressure, and Blood Sugar) to all the interested students from all departments in the college.
- The selected persons from each department can bring the needy to the clinic and they can verify the health status
- Diet counseling was provided to those who are in need through the trained persons.
- The Live Lab provides free guidance for nutrition and stress management to people of all ages suf-

fering from various metabolic disorders such as obesity, heart problems, diabetes and high blood pressure and also ensures the proper guidance to the students who are interested in the nutrition field to learn and practice the nutriture maintenance.

- Each activities were monitored and recorded well by the FACS department

3.4 Activities

Inauguration (2016-2017)

Nutrition and stress management Center was inaugurated by Mrs.Lakshmi Menon (Entrepreneur and social activist) on 31st October 2016 at BCM College auditorium. The inaugural ceremony began by 10:00am with prayer song followed by welcome speech by Dr.Sr.Betsy (HOD Dept. of FACS). Then keynote address was given by Mrs.Laksmi Menon on the importance of health and wellness in life. The program was concluded by vote of thanks by Mr.Luke Leon (Asst.Prof Dept of Physical Education).

students from various departments on stress management among the college girls. This program was initiated by the PG Session of the department. Mis Praseetha and Miss Jesna John guided the program with the PG students. Around 40 students participated in the program.

Online Training Programme

Online Training Program and Webinar on Mental Health (2020-2021)

The Live Lab of Family and Community Science conducted an online webinar and training program named “A brain break” on 8th October 2020 via Google meet. This webinar was led by Dr. Sreelakshmi. S. BAMS. It was an informative class and students learned to give the support and guidance to the persons who suffered from stress and depression. Around 53 students from various department participated in the training session.

RECREATION AND FUN AREA (RAFA)

RECREATION AND FUN AREA (RAFA) is an initiative by the Diet and Stress management Clinic of the Department of Home Science to reduce the stress among the students. It includes various recreational activities like indoor and table top games, reading area and relax zone. Fashion Zone that includes nail art, Mehendi designing, costume designing, saree draping, hair cutting and threading are also a part of this club. As a natural remedy to reduce menstrual pain, a relax zone is maintained in the club which also provides free sanitary napkins to the needy. More than just a place to relax, the recreation club also helps to enhance their social relationship and improve their inter-personal skills.

Student Social Initiative

4. STUDENT SOCIAL INITIATIVE

4.1 Introduction

The aim of the live lab is to help the vulnerable sections of the society to develop their talents and skills and thus bring them to the mainstream by creating awareness through different programs. The department of Social Work always makes their students involved in social activities. The students engage in activities which will help the vulnerable communities and marginalized sections of the society to come to the mainstream of the society. The department has initiated a live lab. 'Student Social Initiative' for the active participation of the students in indulging in the social activities and to help the public develop their skills.

4.2 Objectives

- To create awareness on equality and human rights.
- To make the vulnerable sections of the society understand their rights.

- To develop the skills of the people.
- To train the students in order to be a professional social worker in future.
- To make the students understand the different sections of the society and the different problems they face.

4.3 Various Activities

Human Rights Day

The department of Social Work every year commemorates human rights day on December 10. A social work journal is published on the same day covering various aspects dimensions of human rights developed by social work students. Social work students conduct various programmes which herald the rights of common people on the day under the child rights and resource center.

Summer Camp

Every year a summer camp is conducted for children at Pongampally in Idukki. Social work students stay with tribal families and provide various education programmes for tribal children during this camp. This tribal setting is adopted by the department of college since 2008 and do various developmental programmes there.

Student Darbar

‘Student Darbar’ is an inter college debate competition conducted every year. Students participate from various departments and express their view on the child related topics every year. In 2021, it was conducted at national level (online) and students from four states participated in it.

Cultural Night

Social Work students provide training for children staying in different children homes nearby Kottayam and provide a platform to perform in the cultural night with support of Child Resource Centre. The training is given on the basis of the theme of child rights.

Flood Relief Programmes

The Social Work students of BCM college stood with flood affected children when they experienced the worst situation in their life. Students visited relief camps and distributed urgent necessities for children. Students spent time with children conducting various programmes to boost their social and psychological health.

Karam Thodatha Karuthal (online)

Social work students actively participated in the Kottayam district administrative named 'karam thodatha karuthaal'. Students provided tele -counseling for children whose family members were Covid positive.

Koodeyundu Kottayam(online)

An online survey program conducted in the each panchayaths and municipalities of Kottayam district in association with KILA . The collected data submitted to KILA authorities and informed the government's benefits for children in the covid affected family. This program lasted a month. During this programme social work students interacted with children many and provided psycho-social support .

Street plays

Under the child rights and resource center, the social work students commemorate various important days

related to children to spread awareness among them on their rights.

1. World disability day- December 3
2. International Girl child day- October 11
3. International Day Against Drug Abuse and Illicit Trafficking-June 26th
4. World Day Against Child Labour / Child Labour Prohibition Day-June 12th
5. International Day of Innocent Children Victims of Aggression.-June 4th
6. Child rights day-20th November

Cancer Awareness Programme

The child rights and resource center organized cancer literacy programme for the college children. A seminar and poster presentation were conducted to provide knowledge on early detection as well prevention by making necessary changes in lifestyle.

Student Digital Initiative

5. STUDENT DIGITAL INITIATIVE

5.1 Practice

Under this initiative of the college, the students effectively maintain and update all the systems installed with LINUX software. By using digital printing, students also prepare identity cards for staff and students. QR codes are generated for all systems in the college under this initiative. Students imparted e-learning skills among the women in the local community.

2018

Under this initiative of the college, the students effectively maintain and update all the 139 systems installed with LINUX software. By using digital printing, students also prepare identity cards for staff and students. Earlier, the cards were printed outside the campus were of poor quality and of high cost. QR codes are generated for all systems in the college under this initiative. Students imparted e-learning

skills among the women in the local community. The teachers demonstrate the department's students the way of updating each software frequently. Then they divide the students into different groups under the concern computer teachers and allot a group of systems to each group for doing the updating. Following are the list of students for software updation.

6. STUDENT AMENITY CENTRE

The Student Amenity Centre of the college is an initiative of the Department of Commerce as a Live Lab. It provides an excellent platform for students to demonstrate their entrepreneurial skills. In order to cater the needs of BCM, the Student Amenity Centre provides various services. The student friendly store provides a wide range of products such as Text books, Note books, Lab materials and other stationery items at affordable price. It is open during the working hours of the college.

Mission

The Entrepreneurship Development Cell endeavour to mould, inculcate and develop entrepreneurial skills and innovative practices along with instilling sustainable consciousness among young aspiring minds. Bishop Chulaparambil Memorial College aims at the integral personalized education of the young. It strives to mould intellectually well trained, morally upright, socially committed, spiritually inspired men and women

for the India of today.

Objective

The Students Amenity Centre of Bishop Chulaparmbil Memorial college aims to inculcate entrepreneurial spirit and culture among commerce students. It also create awareness on entrepreneursrship among students. It also help young entrepreneurs to acquire necesassry skills to run the business effectively.

Staff Coordinator: Ms. Elizabeth Johny - Department of Commerce
