Additional Skill Acquisition Programme (ASAP)

Report 2020-21

Due to Covid 19 pandemic crisis, the plan for starting a new batch for ASAP did not get materialized. Since the teaching platform was switched to online mode during the pandemic, classes for the previous batch were resumed in 2020-21 in online mode. The sessions were facilitated by DPE Ms.Susmi Devassia. Students actively attended the classes and syllabus pending in the previous year was completed by March 31 ,2021. Similar to the previous years, the Foundation Skill Classes offered to the students, an opportunity to improve and enhance their communicative skills in English, especially speaking, along with basic knowledge and use of computer. While the Communicative English sessions included language-based activities like games, presentations, role-plays etc., the IT sessions covered topics which introduced the students to operating systems, internet, etc. Since the platform was online, students were provided an opportunity to explore various online quiz and game tools for a fruitful and effective assimilation of the learning content.
