## **Additional Skill Acquisition Programme ASAP 2021-22**

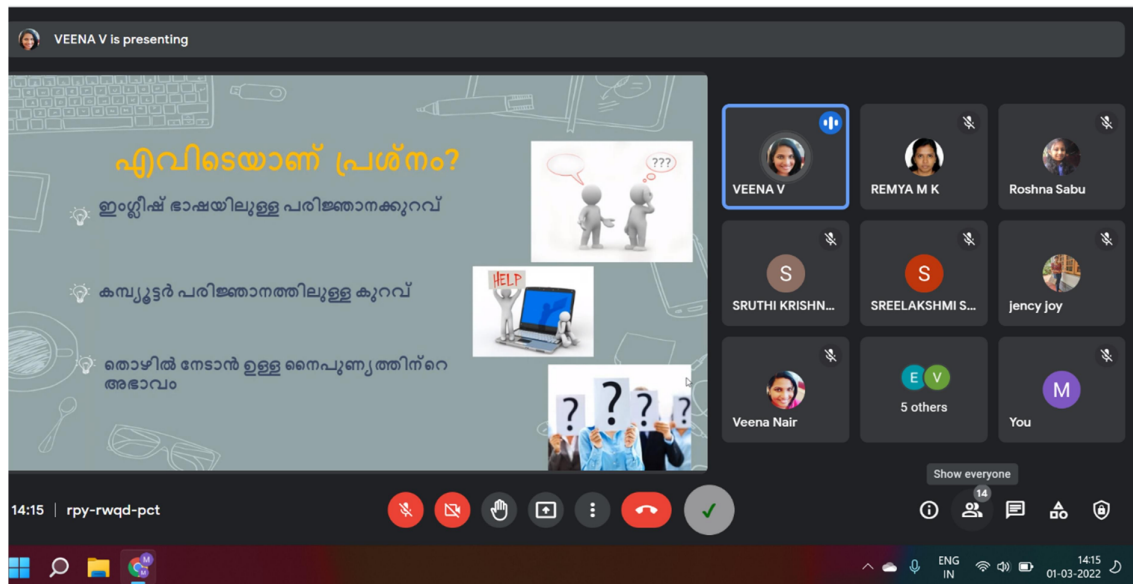

Activities of Additional Skill Acquisition Programme ( ASAP) has been started off with forming an ASAP Cell in the college. The members of the cell consisted of Principal, ASAP Co-ordinator, ASAP Programme Manager and two student representatives, Ms. Kripa Thomas and Vismaya L from third year English batch. As an initiative of ASAP, students were given an opportunity to be part of the Wheelbox National Employability Test. The college registered for the test and brochures and procedures were shared with the students. Students participated in the assessment test on 12.11.2021. A foundation Course on Basic Proficiency in English was offered by ASAP for the first- and second-year students and accordingly an orientation class was given to them by ASAP Programme Managers Ms. Remya and Ms. Preetha on 13.12.2021 from 12.30-1.15 PM at the auditorium. 50 students participated in the programme. Interested students were directed to register for the course. A second round of orientation was given on 1.3.2022 via Google meet where Programme managers Ms. Remya and Ms. Preetha explained the objectives and benefits of the course. Since requirement for minimum number of students was not met, the foundation course could not be conducted at the college, yet interested students were intimated to join a common platform offered by ASAP for students of different colleges. Details about the courses offered by ASAP was shared with the student community in the form of brochures and messages. As part of ASAP's collaboration with the Young Innovator's Programme, the co-ordinator attended an orientation on YIP and information shared is communicated with students for registration in YIP.
