

# **SAFETY AND SECURITY**

## **SAFETY DRILL**

The Women's Cell of the College and NCC Unit together organised a programme on the safety of Women. They arranged a much needed class on women's safety by the Kerala Fire and Rescue Civil Defence Corps, Kottayam. They took classes on Women Empowerment, Women's Safety and a Fire Drill. They explained and made the students understand the need for learning basic steps to defend themselves at difficult times. They demonstrated the safety measures and gave basic training to the students.

## ASSISTING POLICE OFFICERS FOR TRAFFIC DUTY

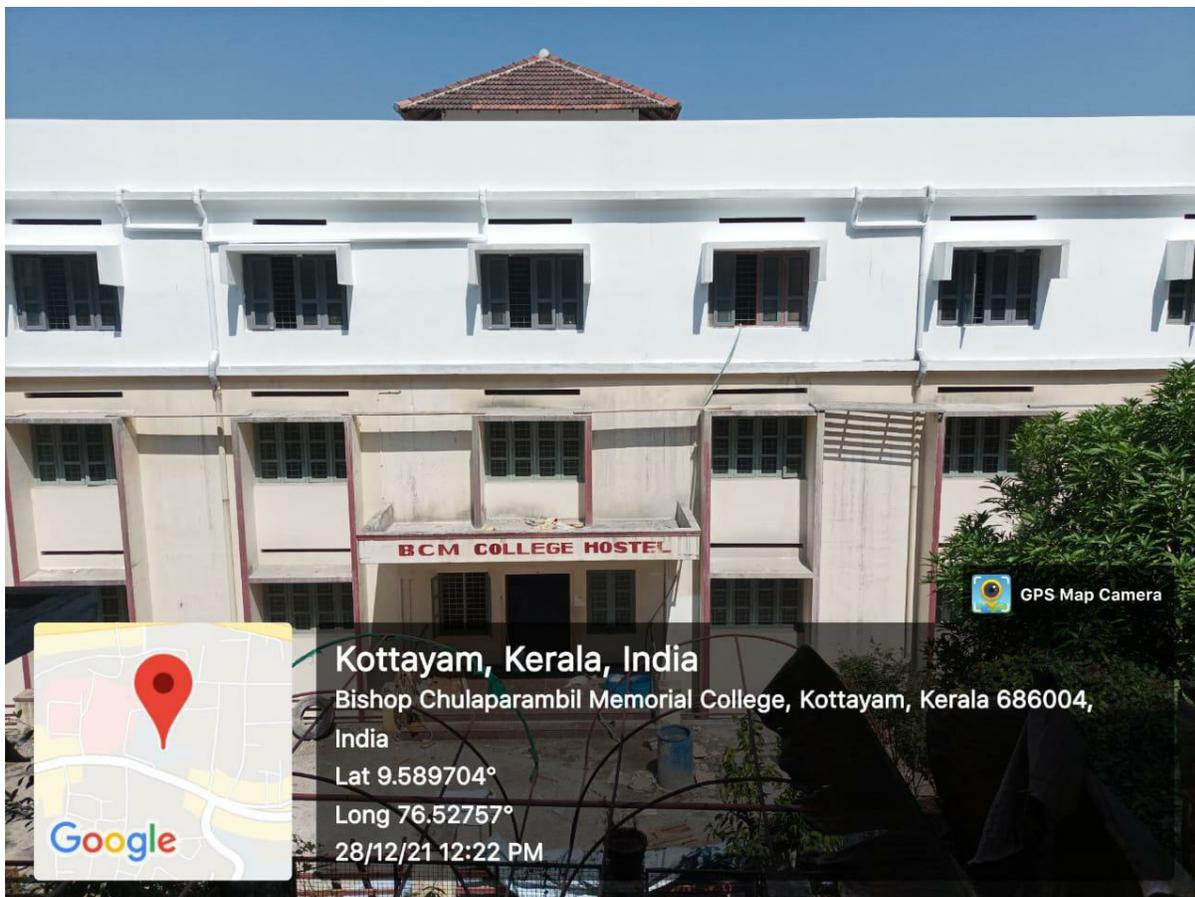

To ensure safety outside the campus, NCC Cadets assist the police officers for traffic duty daily in front of the College on rotation basis. It has helped to control the traffic in the premises of College and increased the safety of the pedestrians on nearby roads.

## Assisting Police Officers

### HOSTEL

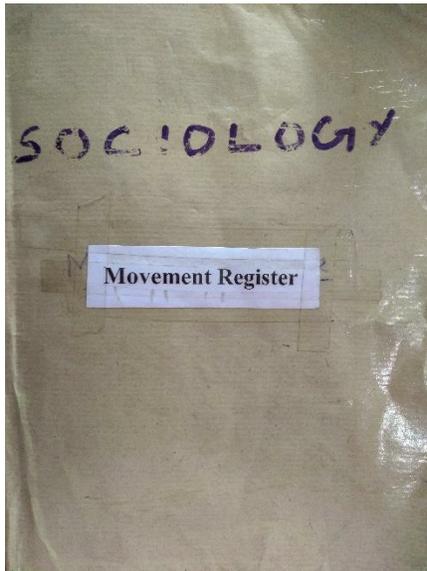

The College hostel is built inside the Campus for the comfortable stay of the students who come to study in the campus. There are adequate numbers of Wardens to take care of students staying at Hostel.

BCM College Hostel

## **MOVEMENT REGISTER**

Every department maintains a Movement Register to record the absence of students during the working time, which is well monitored by the heads of the departments. Besides keeping a record of the list of students who have left the Campus during working hours, Attendance was registered during each hour and entered in ERP (online portal for entering attendance) to ensure that students are present inside the class.

## SURVEILLANCE CAMERA

For ensuring the safety of the students in the campus, cameras are fixed in different places in and around the College. Corridors, Corners of Classrooms, Waiting area near the reception, office, parking area and other areas in the premises of College are the main areas which are under surveillance. Principal's room is equipped with the screens through which they could monitor the different areas of the campus.

## **NAPKIN VENDING MACHINE**

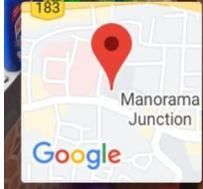

A pad vending machine is installed in the campus for providing pads for the students who are in need. The pad pops up after 5 Rs in inserted into the machine. The vending machine is mounted to the wall on the third floor of the campus. It has the storage capacity of 28-30 pads. The vending machine installed in the campus is constructed with Epoxy Coated Sheet Metal.

**Napkin Vending Machine**

## **PAD DESTROYER**

A Pad destroyer is installed at the Campus for the easy destruction of used sanitary pads. The pad destroyer is installed on the third floor of the campus. The pad destroyer is made of stainless steel material. It can destroy 50 pads at a time and it takes 1 hour for destruction. The destroyer installed in the campus does not require any fuel or electricity to run the process.
