THE COLLEGE UNION REPORT 2020-21

VAAMIKA

The College Union is the representative student body which provides a forum at the campus for all students to participate in the development and implementation of the Vision and Mission of the college, to impart training in leadership, to encourage students to help communities respond rightly to disasters and to focus on rebuilding themselves and those around during recovery. The main objective of the College Union is to enlighten the students about their duties, rights and responsibilities as young women citizens, to promote opportunities for the development of their character, knowledge, creativity, environmental awareness and spirit of humanitarian service, to organize debates, seminars, workshops, and to foster sports, arts and cultural talents. This includes organising programmes in college like College Arts Fest and raising awareness about contemporary regional and national issues. Its term is for one year. The College Union has a Constitution prescribed by the Syndicate of Mahatma Gandhi University. It functions under the guidance of Staff Advisors. College Union is represented at the University by two Councillors who can take part in an election to gain representation at the University Union. Due to the onset of covid, college union elections were not conducted and last year's union members continue in their respective posts.
