1. INTRODUCTION

For effective curriculum planning and delivery, feedback collection and analysis play a crucial role. In Bishop Chulaparambil Memorial College, the entire feedback on the curriculum is vested in the Feedback Committee constituted by the IQAC. Teachers' feedback on the curriculum portrays the natural strength and weaknesses of the curriculum since teachers are directly involved in various aspects of the curriculum.

2. FEEDBACK COMMITTEE (2020-21)

This year's feedback committee consisted of Dr.Elizabeth V John (*Department of Physics*), Ms. Shalini Thomas (*Department of Economics*), Ms. Jaisy Joy(*Department of Chemistry*) and Ms. Suman Abraham(*Department of History*). This Committee would be responsible for distributing, collecting, filing, analysing and directing the actions taken based on the feedback. This committee acts as an advisory body to the council, allowing them to make changes based on the feedback collected from the previous year. The collected feedback is analysed and suggestions are made to the committee based on the report.

3. FEEDBACK METHODOLOGY

Feedback from the teachers is taken from the questionnaires circulated by the feedback committee. Also, Teachers can express their input on the curriculum during department/council/Academic Advisory Board meetings. After collecting the feedback, it is put for further analysis, and the summary is submitted to IQAC for different implementation. Once the IQAC is convinced of the changes, they put it forward to the Governing Body, where the changes are implemented. The feedback summary report is submitted to MG University also.
