

BISHOP CHULAPARAMBIL MEMORIAL COLLEGE, KOTTAYAM

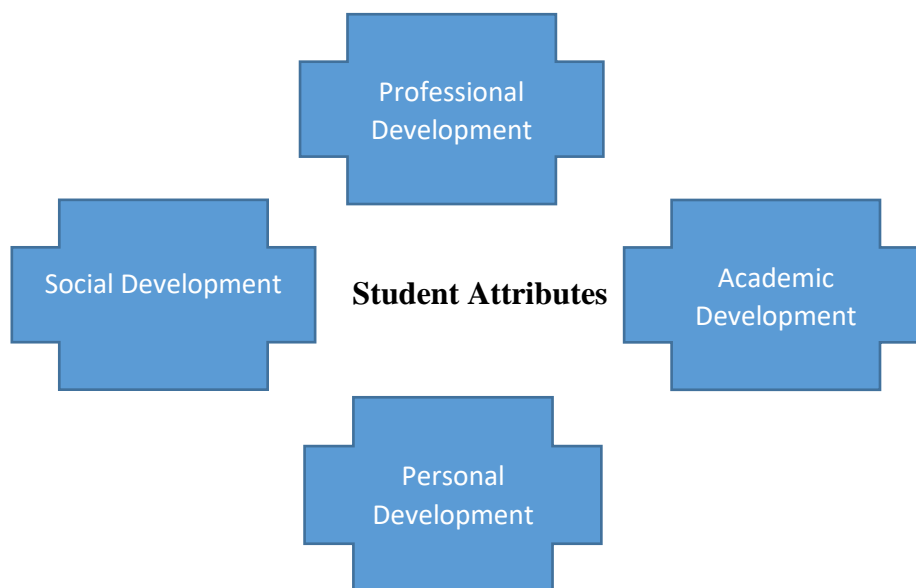

Student Attributes

The college is dedicated to foster the student attributes in various forms and consider it as a part of the college's mission. The Gandhian perspective regarding education is followed in this regard. According to Mahathma Gandhi "education is an all-round drawing out of the best in the child and man-body, mind and spirit."

Through various programmes and opportunities, the college equips the students to be more responsible and reformed citizens. Versatile platforms are opened by the college and by each of the departments in fostering the skills of the students.

Organization of Competitions and events, coordination of social service activities, participation in seminars and workshops and undergoing orientation programs make them well fit for facing challenges in the future life and achieving their aims.

Excellent communication skills and creativity is much vital for every student to excel in the present society. The college aims at creating students with Innovative mind, leadership skills and organizational ability.

Academic Development

Bishop Chulaparambil Memorial College caters to the needs of all the students in various ways to help them excel academically. Academic Performance Enhancement Practice (APEP) is an innovative practice followed by the College for better academic performance of the students. As a part of APEP, various test papers, brainstorming, debate and quizzes are conducted in the College. Apart from that, the teachers take time to mentor the students. Remedial teaching and Peer teaching are other practices in the College to help the slow learners in the College. Practices like Journal reviews, reverse quizzes encouraged in the campus to improve the performance of advanced learners. Students are also motivated to present papers at National and International Seminars.

Academic Performance Enhancement Practice (APEP) is a systematic assessment method to analyse the academic performance of the students and it strategically evaluates the effectiveness of learning by measuring the learner's performance. Through this method, instructors help the students to realise their strengths and weaknesses and enable them to reflect on how they can improve themselves in the university exams.

Quiz conducted as a part of APEP

Personal Development

The College encourages the students to break the gender stereotypes in the society through various programmes. The various programmes include training for driving, coconut climbing and percussion team. Personality development programmes are also organized in the College. The College thus aims at building women with a perspective who will lead the society towards progression.

Gender neutral uniforms instituted in the campus give the right direction to bridge the gender gap. The College has consistently conducted annual blood donation camps and has organised the largest ever blood donation camp in Kerala, run and participated exclusively by female students, a record that stands to this day. The college maintains a percussion (chenda) team

composed entirely of students, another area traditionally dominated by men. Students embark on activities like demarcating pedestrian crossing zones and cleaning buses during night.

Driving classes, self- defences training, and martial arts such as ‘Kalaripayattu’ and ‘Karate’ were given to students to instil multi life skills among students. The college has conducted a number of gender sensitisation programmes to provide an integrated and interdisciplinary approach to understand the social and cultural constructions of gender in our society.

Social Development

The College is dedicated to bring up socially responsible young women for the society. For inculcating social responsibility in the minds of the students, the College conducts various programmes in the College. The College encourages the students to help the needy people during their difficult times in the society.

The college conducted numerous activities to drastically cut on the use of plastic under the banner of “Parasthithikam,” a project of the Directorate of Environment and Climate Change, Government of Kerala. The scrap management initiative of the College encourages the process of eco-friendly waste disposal methods in the campus. Under the initiative of Swachh Bharat Mission, multifarious activities are carried out in the campus to campaign for good health, well- being, clean water, sanitation and clean energy. The college undertook several projects in collaboration with the Kerala Forest and Wildlife Department to conserve the mangrove ecosystems. The college promotes a zero-waste campus by encouraging students to follow the green protocol.

BCM- OJASS is an initiative of the entire BCM community to instill social commitment as an integral component of sustainable society. To meet this objective, the college systematically organizes all socially relevant activities under the aegis of BCM-OJASS, a registered society. It provides financial support for educational and medical purposes. Students and staff voluntarily contribute for the smooth functioning of OJASS. 'BCM Snehaveedu', a house construction project of BCM OJASS has completed the construction of six houses during the last six years. The college is immensely proud to have delivered the five newly built homes to the college's students, which cost over twelve lakh rupees.

Professional Development

The College helps the student to develop the Entrepreneurial skills of the students. Various programmes like awareness classes, training are conducted at the College to encourage them start their own business and to build successful entrepreneurs in future.

The college has an active Entrepreneurship Club which functions under Innovation and Entrepreneurship Development Centre (IEDC), an initiative of the Government of Kerala. The cell organised industrial visits, interaction with entrepreneurs, seminars, workshops, skill development programmes, entrepreneur idea competition, workshop on business plan writing, Used book sale, Eco sale, SWAP shop, food stalls and online page for business (WOW ME). The students' management of the college canteen and coffee shop serves as a prototype example for honing entrepreneurial skills.

Through the different initiatives taken by the college, the College aims at bring up a progressive perspective in the minds of students. Different clubs and cells in the College conduct various programs for the academic, professional, social and personal development of the students. Teachers, administrative staff and the student representatives together joins for achieving the aim of the college. Thus, the college caters to the need of the students and bring up socially committed women.
