BRIEF HISTORY

"When you educate a man, you educate an individual. When you educate a woman, you educate the whole family".

Bishop Chulaparambil Memorial (BCM) College was founded on 11th July 1955 by H.E. Mar Thomas Tharayil, Bishop of Kottayam to fulfil the long cherished dream of his predecessor, H.E. Mar Alexander Chulaparambil, to establish an institution for the higher education of women. The aim of the establishment of the college was to raise the cultural standard of the community by educating its women. The college was formally inaugurated in 1959 by His Eminence Valerian Cardinal Gracias, Archbishop of Bombay and the first Cardinal from India.

Chev. Prof. V.J. Joseph Kandoth, served as the first Principal of the college. There were eight Professors and a Non-teaching staff in the beginning. Prof. Joseph was succeeded by 12 persons to guide the college till date.

From its humble beginnings the college has made steady progress and now she is one of the foremost colleges in Kerala with sixteen under graduate courses, seven post graduate courses, 146 staff and over 2000 students.

MOTTO

The college motto *SAPIENTIA ET GRATIA* (Latin) means wisdom and grace. Human wisdom and divine grace are two essential factors moulding the life of any person. Since the purpose of education is overall development of personality, along with intellectual development, the college tries to promote moral as well as spiritual growth. When our students cross the portal of B.C.M. on completion of their courses, we believe, they would become ideal educated person, having worldly wisdom and Divine grace.

EMBLEM

The five imageries contained in the emblem envisage the history and purpose behind the establishment of the college. The '**ship**' in the left bottom reminds us of the journey in A.D. 345 of the group of Syrian Jewish Christians under the leadership of Knaithoma, whose descendents are the Knanaya catholic community which established and manages the institution. The beautiful **landscape** with coconut tree in the right bottom evokes Kerala, God's own country, where the Knanites embarked. It further calls for nostalgic patriotic spirit which should animate the students. The dawn fills us with hope of a new era yet to come. The '**Anchor**' in the upper right symbolises the firmness and steadfastness of wisdom that the college ensures the students. The intellect illuminated with wisdom is the anchor of faith, hope and charity with which the students will march forward with beaming joy, spreading sunshine every where. The '**burning furnace**' symbolises the hardships of life to be overcome through the process of purification in *Agni* (fire). Besides, it signifies that a heart adorned with divine grace is all on fire with the love of God and man. It alludes also to the furnace (chula) contained in the house name Chulaparambil of Mar Alexander in whose fond memory the college exists. The '**crown**' in the upper part is the one that awaits all of us when we complete our life successfully in the divine *Marga*.

All these symbols have a religious significance as well. While the ship and anchor symbolises the Church, the Sun and beaming light symbolises Christ, the eternal light and the redeemer of mankind. The person who walks in Jesus Christ with the Church, will attain the Crown of Justice in the life everlasting.

GOALS AND OBJECTIVES

Since its origin, the Christian Church has been active in the field of education throughout the world. Christian educational institutions are part of the Church's effort to share in the country's educational progress. This effort, while recognizing a special responsibility towards the Christian community, has always been at the service of the whole nation.

Education in Christian institutions is inspired by a vision of man drawn from the life and teachings of Jesus Christ. The vision gives Christian institutions a specific character and sets before their managements, staff and students high ideals of life and service towards which they are challenged continually to strive.

The college aims at the integral personalized education of the young. It strives to mould intellectually well trained, morally upright, socially committed, spiritually inspired men and women for the new India.

To accomplish this, special efforts are made to enable the students:

- ◆ to strive for excellence in every field
- ◆ to think for themselves in a clear, fearless and independent manner
- ◆ to seek, extend and apply knowledge to the solution of human problems
- ◆ to value and responsibly use their freedom
- ◆ to be clear and firm on principle and courageous in action
- ◆ to be unselfish in the service of their fellow human beings
- ◆ to become agents of needed social change in their nation

Through these efforts B.C.M. College aims at making her own contribution to a radical transformation of present day social

conditions, so that social justice, equality of opportunity, genuine freedom, respect for religious and moral values, empowerment of women which are enshrined in the constitution of India may be realized. Thus the possibility of living a fully human existence will be open to all.

BCM COMMUNITY COLLEGE

The education system of India has intensed a huge change with the introduction of high quality affordable and socially relevant syllabus. This has helped to harness the full demographic dividend into the field of higher education. The immensity of human resources stands to the country's advantage though there is a dearth of skilled work force. The XII Five Year Plan has envisaged many initiatives, to narrow down this disproportion between demand and supply of skilled workforce. Community Colleges form a prominent source to contribute efficient and skilled human beings to this pressing demand in the global scene.

Aims and Objectives

1. To make higher education relevant to the learner and the community by providing skill based education.
2. To provide the platform for students to join the workforce at the end of every year and to resume their education at a subsequent stage, may be after some year.
3. To provide for up-gradation and certification of traditional/ acquired skills of the learners irrespective of their age.
4. To provide opportunities for community-based life-long learning by offering courses of general interest to the community for personal development and interest.

Courses offered

UGC sponsored Advanced Diploma programmes (2 year) in

1. Printing Technology
2. Food Processing
3. Accounting & Taxation

Seminar / Viva

A student shall present a seminar in the 5th semester and appear for viva-voce in the 6th semester.

Internal Assessment Test Papers

Students should attend at least one internal test-paper in each semester for each course. The evaluations of all components are to be published and are to be acknowledged by the candidates. Progress report of the students' performance will be presented to the guardians at the P.T.A. meeting. These should be returned duly signed by the guardian.

External Examination and Project

The external examination of all semesters shall be conducted by the University at the end of each semester.

All students have to do a project. This project can be done individually or as a group of 3 students. The projects are to be identified during the II semester of the programme with the help of the supervising teacher. The report of the project in duplicate is to be submitted to the department at the sixth semester and are to be produced before the examiners appointed by the University.

Grievance Redressal Mechanism

The internal assessment is not used as a tool for personal favour or vengeance. In order to ensure this, students are given the right to know how the teacher arrived at the grade. Yet, if there exists any grievance from the students, a three level Grievance Redressal Mechanism is envisaged to address it. The students can appeal to the upper level only if the grievance is not satisfactorily addressed by the lower level.

1. **Department Level:** It is chaired by the Head.
2. **College Level:** The Principal is the chairman of this committee. It has a Co-ordinator, HOD of the concerned department and a senior teacher nominated by the College council as its members.
3. **University Level:** It is constituted by the Vice-Chancellor.
