REPORT

The Photography and Videography Skill Development Programme under Kshamatha va Kusalatha club at BCM College Kottayam in association with RSETI and SBI commenced on April 1st, 2024, initiating the registration process at 9:30 am. 5 students from Department of Physics participated in the program. Following the registration process, everyone participated in a self-introduction session. Following that, Sreeremya ma'am and Manjesh sir, faculty members of RSETI, provided a brief introduction about the institution. Following day, Sreeremya ma'am introduced Abhijith Sir as the instructor for the photography and videography session. MILLY presentation is done by each student every day. MILLY means “Most Important Lessons Learned Yesterday.”

Abhijith sir discussed topics like History of photography, Importance of photography in industry, Basics of camera and its construction, parts of DSLR camera, Exposure triangle, Picture composition, White balance, Memory card, Camera metering system, Scanner & printer, Histogram, Studio setup and management, Macro shooting, Sports (high speed shutter) shooting, Portrait and group photography, Flash photography, Standard print sizes, Videography techniques, Adobe Photoshop, Video editing etc. within this 30 day course. Practical session and short film making also conducted during these days. Additionally there were sessions on various types of loans for entrepreneurs led by Kerala Bank.

The thirty day course concluded with examination on 9th May 2024. Around 20 students attended the final exam. Participation certificates was also issued. One day outdoor shoot is done at Kumarakom Bird Sanctuary. The course proved highly effective in highlighting the challenges involved in capturing a perfect photo or shot with a camera, emphasizing the multitude of steps required prior to taking a shot.
