HISTORY OF THE COLLEGE

The dawn of the 20th century ushered in an era marked out in human history as a harbinger for empowering women, equipping them with education and thereby elevating them into higher echelons of social strata.

This revolutionary call resonated in a remote Southern part of India prompting the visionary prelate of blessed memory H.E. Mar Alexander Chulaparambil to embark a journey unparalleled in the social history of the nation.

His visionary zeal materialized in 1927 in the form of a girls high school at Kottayam, the St. Anne's Girls School. The inaugural meeting of the school witnessed Bishop Chulaparambil revealing his dream of an institution for higher education, exclusively for women.

Bishop Chulaparambil's dream was vigorously and zealously pursued by his successor H.E. Mar Thomas Tharayil of blessed memory leading to the establishment of the Bishop Chulaparambil Memorial College on 11th of July 1955, an institution for the higher education of women. The college was formally inaugurated in 1959 by His Eminence Valerian Cardinal Gracias, Archbishop of Bombay and the first Cardinal from India.

Chev. Prof V.J. Joseph Kandoth served as the first Principal of the college. There were eight Professors and a non-teaching staff in the beginning. Prof. Joseph was succeeded by 15 persons to guide the college till date.

From its humble beginnings, the college has made steady progress and now is one of the foremost colleges in Kerala with sixteen undergraduate courses, eight post-graduate courses, 146 staff and over 2000 students.

Generations of students spread far and wide across the globe bears the mantle as unofficial ambassadors of this institution, a cradle for women's education in our country.

MOTTO

The college motto *SAPIENTIA ET GRATIA* (Latin) means Wisdom and Grace. Human wisdom and divine grace are two essential factors moulding the life of any person. Since the purpose of education is overall development of personality, along with intellectual development, the college tries to promote moral as well as spiritual growth. When our students cross the portals of B.C.M. on completion of their course, we believe, they become ideally educated individuals, having worldly wisdom and divine grace.

EMBLEM

The five imageries contained in the emblem envisage the history and purpose behind the establishment of the college. The ‘**ship**’ in the left bottom reminds us of the journey in A.D. 345 of the group of Syrian Jewish Christians under the leadership of Knai Thoma, whose descendants are the Knanaya Catholic Community which established and manages the institution. The beautiful ‘**landscape**’ with coconut tree in the right bottom evokes Kerala, God’s own country, where the Knanayaites embarked. It further calls for nostalgic patriotic spirit which should animate the students. The dawn fills us with hope of a new era yet to come. The ‘**anchor**’ in the upper right symbolises the firmness and steadfastness of wisdom that the college ensures the students. The intellect illuminated with wisdom is the anchor of faith, hope and charity with which the students will march forward with beaming joy, spreading sunshine everywhere. The ‘**burning furnace**’ symbolises the hardships of life to be overcome through the process of purification in *Agni* (fire). Besides, it signifies that a heart adorned with divine grace is all on fire with the love of God and man. It alludes also to the furnace (chula) contained in the house name Chulaparambil of Mar Alexander in whose fond memory the college exists. The ‘**crown**’ in the upper part is the one that awaits all of us when we complete our life successfully in the divine *Marga*.

All these symbols have a religious significance as well. While the ship and anchor symbolize the Church, the sun and beaming light symbolizes Christ, the eternal light and the redeemer of mankind. The person who walks in Jesus Christ with the Church, will attain the Crown of Justice in the life everlasting.

GOALS AND OBJECTIVES

Since its origin, the Christian Church has been active in the field of education throughout the world. Christian educational institutions are part of the Church's effort to share in the country's educational progress. This effort, while recognizing a special responsibility towards the Christian community, has always been at the service of the whole nation.

Education in Christian institutions is inspired by a vision drawn from the life and teachings of Jesus Christ. The vision gives Christian institutions a specific character and sets before their managements, staff and students high ideals of life and service towards which they are challenged continually to strive.

The college aims at the integral personalized education of the young. It strives to mould intellectually well trained, morally upright, socially committed, spiritually inspired men and women for the new India.

To accomplish this, special efforts are made to enable the students:

- ◆ to strive for excellence in every field
- ◆ to think for themselves in a clear, fearless and independent manner
- ◆ to seek, extend and apply knowledge to the solution of human problems
- ◆ to value and responsibly use their freedom
- ◆ to be clear and firm on principle and courageous in action
- ◆ to be unselfish in the service of their fellow human beings
- ◆ to become agents of needed social change in their nation

Through these efforts, B.C.M. College aims at making her own contribution to a radical transformation of present-day social conditions, so that social justice, equality of opportunity, genuine freedom, respect

for religious and moral values, empowerment of women which are enshrined in the constitution of India may be realized. Thus, the possibility of living a wholesome life will be open to all.

Sajeev Prayogshala/Live Lab

The college initiated the practice of live lab, 'learning by doing' in 2017 in the context of Outcome Based Education and multidisciplinary approach in higher education. The college introduced this unique practice as it envisions attainment of higher cognitive skills by students through learning by doing. It aims to enrich the curriculum and develop the entrepreneurial, technical and administrative skills of the students.

Initiatives under Live lab

1. SWAAD (Student Work in Alternate and Allied Domains)

This unique practice, headed by the Department of Food Science promotes entrepreneurial skills, technical skills and managerial skills to motivate, train and support budding entrepreneurs. As part of this practice, students are given duties in the canteen and coffee shop on a rotation basis where supervision of menu, purchase, finance, and quality checks are done. Food Tic incubation centre initiates students to undertake product formulations through research, trial and error and standardization.

2. Student Social Initiative

The Student Social Initiative headed by the Department of Social Work in association with The Child Resource Centre organises programmes with regard to protection of child rights. As part of the practice, students coordinate 'Student Durbar'- an open forum to discuss child related issues, street plays and summer camps. Students also coordinate the cultural event, 'Samanuaya Sandhya' and provide special training to the inmates of children's homes and to differently-abled children. This practice enables to create a literary space to voice child related issues in the journal, 'December 10'.

3. Student Digital Initiative

Under this initiative, students of the Department of Computer Science maintain and update all the Linux installed systems in the campus. By using digital printing, students prepare identity cards for staff and students. Students impart e- learning skills among the women in the local community. QR codes are generated for all systems under this initiative for proper infrastructure maintenance. Through the programme, 'Know our Campus Flora', QR codes have been installed in trees and plants in the campus and all information regarding the flora can be taken by scanning the code.

4. Student Amenity Centre

The college has entrusted the conduct of the Student Amenity centre with the Department of Commerce from the year 2021. It functions as a center for providing various services on campus to the students, teachers, and non teaching staff. This practice enables the students to familiarise with current business processes and practices. It helps in understanding consumer behaviour, develops good marketing sense and equips them to start their own enterprises. The students are also exposed to the fundamentals of banking and practical aspects of accountancy.

5. ZIP

ZIP, an acronym for Zoology in Practice, presents a diverse array of hands-on experiences curated by the Department of Zoology to equip students for careers in aquaculture, aquariculture, apiculture, and vermiculture. Students delve into the intricacies of museum curation, master the art of digitizing specimens, and engage in the upkeep of butterfly garden. The multifaceted approach of ZIP ensures that students not only gain a theoretical foundation but also develop practical expertise, preparing them for a well-rounded understanding of zoology and its practical applications.

6. LED Bulb Assembling

LED bulbs represent a rapidly advancing and energy-efficient technology. In the Department of Physics, students incorporate the fundamentals of LEDs into their curriculum. Through a hands-on live lab experience, they personally assemble LED bulbs, which are then made available for sale to the public.

7. Mimamsa

Mimamsa involves the application of statistical investigations conducted by the Department of Statistics. This encompasses the analysis of real-life data sets, such as results and admissions, to derive meaningful insights and conclusions. Through Mimamsa, students engage in practical applications of statistical techniques, gaining a deeper understanding of how statistical analyses contribute to decision-making processes in diverse fields.

8. Social Eye

The live lab provided by the Department of Sociology serves as an immersive platform designed to cultivate a sociological perspective on contemporary social issues. Through interactive

study sessions and discussions, students not only analyze but actively engage with current social problems. The live lab 'Social Eye' provides students with a unique opportunity to apply theoretical concepts to real-world scenarios, encouraging critical thinking and promoting a deeper comprehension of the social dynamics at play.

9. Natya

Natya is a community where students can explore the world of theatre and theatrical expression. They will engage in script improvisation, script readings, monologue performances and productions, based on plays that are part of their curriculum or interesting plays outside the syllabus.

10. Eco-farm

Eco-farm is the live lab of the Department of Botany. The major activities of eco-farm include the practice of Khamba composting, Botanical garden maintenance and propagation and sale of ornamental and medicinal plants.

11. Homie

The Department of Home Science is proud to introduce an innovative ecosystem for its students called "Homie." This initiative aims to create a dynamic and immersive learning atmosphere, providing students with valuable experiential learning opportunities. Home Science, being inherently multidisciplinary, encompasses various domains, each crucial in understanding the intricacies of managing a household. Homie seeks to offer students exposure to key branches of Home Science, focusing on Diet and Stress Management, Textiles and Fashion Designing, Interior Decoration, and Child Development.

12. MIRC (Mathematics Innovation and Research through Collaboration)

MIRC (Mathematics Innovation and Research through Collaboration) provides students with the opportunity to work on practical research problems, enabling them to achieve higher cognitive levels of understanding. It also offers a platform for students to collaborate with eminent academicians in the field of mathematics, facilitating both academic development and real-world application. Through this initiative, students are encouraged to explore innovative solutions, deepen their expertise, and build valuable connections within the mathematics community.

Undergraduate (Hons.) Programme (FYUGP) (2024 onwards)

Bishop Chulaparambil Memorial College, known for its commitment to nurturing academic growth and personal development, proudly integrates the Four-Year Undergraduate Programme (FYUGP) 2024 onwards according to the regulations of Mahatma Gandhi University, Kottayam. This innovative educational structure aims to give students flexibility and depth in their academic journey. The Choice-Based Credit System (CBCS) empowers students to personalize their course selections, ensuring multidisciplinary studies and diverse skill development.

The programme offers three pathways:

1. A 3-year undergraduate degree,
2. A 4-year undergraduate degree with Honours, and
3. A 4-year degree with Honors and Research.

These pathways are designed to cater to various student aspirations, whether aiming for immediate career readiness or pursuing higher academic and research opportunities. Additionally, the FYUGP at BCM College emphasizes continuous comprehensive assessment (CCA) and end-semester evaluations (ESE) to provide a well-rounded academic evaluation.

One of the key strengths of this programme is its strong advisory and support structure. Faculty advisors are appointed to provide personalized guidance, helping students navigate their academic choices, career planning, and overall development. The interdisciplinary nature of FYUGP encourages students to collaborate across various fields, promoting creativity, critical thinking, and problem-solving skills—preparing them for modern-day challenges in the professional world.

Implementing the FYUGP at BCM College aims to foster a holistic educational experience that blends academic rigour with flexible learning, ensuring students excel academically and develop the necessary skills to thrive in an increasingly dynamic and interdisciplinary world.

UNDERGRADUATE DEGREE PROGRAMME CBCS (CHOICE BASED CREDIT SYSTEM)

Final year & second year undergraduate programme operate under the Choice Based Credit System (CBCS) of Mahatma Gandhi University, implemented in the academic year 2016-2017. This framework is focussed on the educational experience by allowing flexibility in course selection, continuous evaluation, and a structured grading system. The regulations outline the definitions, grading criteria, attendance requirements, and other essential components that govern the academic journey of students enrolled in undergraduate programmes.

1. Scheme and Syllabus

- 1.1. The U.G. programmes shall include **(a)** Common Courses I and II, **(b)** Core Course(s), **(c)** Complementary/Vocational Courses, and **(d)** Open Course.
- 1.2. There shall be one Choice Based course (Elective Course) in the sixth semester.

Common Course

1. English
2. Additional Languages (Malayalam/Hindi/ French/Syriac)

Core and Complementary Courses

Core	Complementary
1. English Model I Model II	Psychology English For Business Communication, IT
2. Mathematics	Statistics Physics
3. Physics	Mathematics Chemistry

4. Chemistry	Physics Mathematics
5. Botany	Chemistry Zoology
6. Zoology	Botany Chemistry
7. Family and Community Science	Chemistry Zoology
8. History	Sociology Economics
9. Economics	Psychology History
10. Sociology	Economics History
11. Food Science and Quality Control	Chemistry Zoology
12. Computer Science	Mathematics Electronics

Open Courses

Department	Open Courses
English (Model 1, 2)	English for Careers
Mathematics	Applicable Mathematics
Physics	Physics In Daily Life
Chemistry	Chemistry in Everyday Life
Botany	Agri based Micro-enterprises
Zoology	Human Genetics, Nutrition, Community Health and Sanitation
Home Science	Self-Empowerment Skills
History	Social Implications of Modern Revolution
Economics	Fundamentals of Economics

Sociology	Fundamentals of Psychology
Commerce	Fundamentals of Accounting
Physical Education	Physical, Health and Life Skill Education
F.S.Q.C.	Food Facts and Principles
Computer Science	Computer Fundamentals, Internet and MS Office

- 1.3. Credit Transfer and Accumulation system can be adopted in the programme. Transfer of Credit consists of acknowledging, recognizing and accepting credits by an institution for programmes or courses completed at another institution. The Credit Transfer Scheme shall allow students pursuing a programme in one University to continue their education in another University without break.
- 1.4. A separate minimum of 30% marks each for internal and external (for both theory and practical) and aggregate minimum of 35% are required for a pass for a course. For a pass in a programme, a separate minimum of **Grade D** is required for all the individual courses. If a candidate secures **F Grade** for any one of the courses offered in a Semester/Programme, **only F grade** will be awarded for that Semester/Programme until he/she improves this to **D Grade** or above within the permitted period. (See Clause 5.3)
- 1.5. Students who complete the programme with “D” grade in the Mahatma Gandhi University “Regulations for Under Graduate Programmes under Choice Based Credit System 2017” will have one chance of betterment within 12 months, immediately after the publication of the result of the whole programme.
- 1.6. Students discontinued from previous regulations CBCSS 2013, can pursue their studies in the Mahatma Gandhi University “Regulations for Under Graduate Programmes under Choice Based Credit System 2017” after obtaining re-admission. These students have to complete the programme as per the Mahatma

Gandhi University “Regulations for Under Graduate Programmes under Choice Based Credit System 2017”.

- 1.7. The practical examinations (external/internal) will be conducted only at the end of even semesters for all programmes. Special sanction shall be given for those programmes which need to conduct practical examinations at the end of odd semesters.

2. PROGRAMME STRUCTURE

Model I BA/B.Sc.

a	Programme Duration	6 Semesters
b	Total Credits required for successful completion of the Programme	120
c	Credits required from Common Course I	22
d	Credits required from Common Course II	16
e	Credits required from Core course and Complementary courses including Project	79
f	Open Course	3
g	Minimum attendance required	75%

Model I/II B.Com

a	Programme Duration	6 Semesters
b	Total Credits required for successful completion of the Programme	120
c	Credits required from Common Course I	14
d	Credits required from Common Course II	8
e	Credits required from Core and Complementary /Vocational courses including Project	95
f	Open Course	3
g	Minimum attendance required	75%

Model II BA/B.Sc.

a	Programme Duration	6 Semesters
b	Total Credits required for successful completion of the Programme	120
c	Credits required from Common Course I	16
d	Credits required from Common Course II	8
e	Credits required from Core + Complementary + Vocational Courses including Project	93
f	Open Course	3
g	Minimum attendance required	75%

Model III BA/B.Sc./B.Com

a	Programme Duration	6 Semesters
b	Total Credits required for successful completion of the Programme	120
c	Credits required from Common Course I	8
d	Credits required from Core + Complementary + Vocational Courses including Project 1	09
e	Open Course	3
f	Minimum attendance required	75%

3. Examinations

3.1 The evaluation of each paper shall contain two parts:

- (i) Internal or In-Semester Assessment (ISA)
- (ii) External or End-Semester Assessment (ESA)

3.2 The internal to external assessment ratio shall be 1:4.

Both internal and external marks are to be rounded to the next integer.

All papers (theory & practical), grades are given on a **7-point scale** based on the total percentage of marks, **(ISA+ESA)** as given below:-

Percentage of Marks	Grade	Grade Point
95 and above	S Outstanding	10
85 to below 95	A+ Excellent	9
75 to below 85	A Very Good	8
65 to below 75	B+ Good	7
55 to below 65	B Above Average	6
45 to below 55	C Satisfactory	5
35 to below 45	D Pass	4
Below 35	F Failure	0
	Ab Absent	0

4. Credit Point and Credit Point Average

Credit Point (CP) of a paper is calculated using the formula:-

$CP = C \times GP$, where C is the Credit and GP is the Grade point

Semester Grade Point Average (SGPA) of a Semester is calculated using the formula:-

$SGPA = TCP/TC$, where TCP is the Total Credit Point of that semester.

Cumulative Grade Point Average (CGPA) is calculated using the formula:-

$CGPA = TCP/TC$, where TCP is the Total Credit Point of that programme.

Grade Point Average (GPA) of different category of courses viz. Common Course I, Common Course II, Complementary Course I, Complementary Course II, Vocational course, Core Course is calculated using the formula:-

$GPA = TCP/TC$, where TCP is the Total Credit Point of a category of course.

TC is the total credit of that category of course

Grades for the different courses, semesters and overall programme are given based on the corresponding CPA as shown below:

GPA	Grade
9.5 and above	S Outstanding
8.5 to below 9.5	A+ Excellent
7.5 to below 8.5	A Very Good
6.5 to below 7.5	B+ Good
5.5 to below 6.5	B Above Average
4.5 to below 5.5	C Satisfactory
3.5 to below 4.5	D Pass
Below 3.5	F Failure

5. Marks distribution for External and Internal evaluation

The external theory examination of all semesters shall be conducted by the University at the end of each semester. Internal evaluation is to be done by continuous assessment. For all courses without practical total marks of external examination is 80 and total marks of internal evaluation is 20. Marks distribution for external and internal assessments and the components for internal evaluation with their marks are shown below:

5.1 For all courses without practicals

a) Marks of external Examination : 80

b) Marks of internal evaluation : 20

Components of Internal Evaluation of theory	Marks
Attendance	5
Assignment /Seminar/Viva	5
Test papers (2x5=10)	10
Total	20

5.2 For all courses with practical total marks for external evaluation is 60 and total marks for internal evaluation is 15.

For all courses with practical

a) Marks of external Examination: 60

b) Marks of internal evaluation: 15

Components of Internal Evaluation	Marks
Attendance	5
Assignment /Seminar/Viva	2
Test papers (2 x 4)	8
Total	15

(c) For practical examinations total marks for external evaluation is 40 for internal evaluation is 10

Components of Internal Evaluation of Practical	Marks
Attendance	2
Test paper (1 x 4)	4
Record*	4
Total	10

*Marks awarded for Record should be related to number of experiments recorded and duly signed by the teacher concerned in charge.

All three components of internal assessments are mandatory.

5.3 For Projects

a) Marks of external evaluation : 80

b) Marks of internal evaluation : 20

c)

Components of External Evaluation of Project	Marks
Dissertation (External)	50
Viva-Voce (External)	30
Total	80

*Marks for dissertation may include study tour report if proposed in the syllabus.

Components of Internal Evaluation of Project	Marks
Punctuality	5
Experimentation/data collection	5
Knowledge	5
Report	5
Total	20

Attendance Evaluation for all papers

% of attendance	Marks
90 and above	5
85 – 89	4
80-84	3
76-79	2
75	1

(Decimals are to be rounded to the next higher whole number)

6. Assignments

Assignments are to be done in all Semesters. At least one assignment should be done in each semester for all courses.

7. Seminar/Viva

A student shall present a seminar in the 5th semester for each paper and appear for Viva-voce in the 6th semester for each course.

8. Academic Performance Enhancement Practice (APEP)

Academic Performance Enhancement Practice (APEP) is a systematic assessment method to analyze the academic performance of the students. By devoting an extra half an hour, various sessions are conducted to enhance the learning capabilities of the students and their competency. By interpreting student's performance through assessment and sharing the results with them, instructors help students to realize their strengths and weaknesses and enable them to reflect on how they can improve themselves in the university exams. All the departments conduct brainstorming sessions, quizzes, group discussions, mock viva and tests on various topics which are basically revisionary in nature. The conduct of the assessment will be informed prior to the assessment and the students are given ample time to revise the portions. Academic Performance Enhancement Practice has become part of continuous assessment, making the continuous evaluation process more effective. It act as a tool to measure course outcome.

9. Internal Assessment Test Papers

Two test papers are to be conducted in each semester for each course. The evaluations of all components are to be published through ERP and are to be acknowledged by the candidates. All documents of internal assessments are to be kept in the college for one year and shall be made available for verification by the University. The responsibility of evaluating the internal assessment is vested on the teacher(s), who teach the course.

10. External Examination and Project

The external examination of all semesters shall be conducted by the University at the end of each semester.

Students have to do a project by at the end of the sixth semester.

This project can be done individually or as a group of 3 students.

The projects are to be identified during the second semester of the programme with the help of the supervising teacher. The report of the project in duplicate is to be submitted to the department is subject to examination by University appointed external examiners.

11. Grievance Redressal Mechanism

In order to ensure this, students are given the right to know how the teacher arrived at the grade. The grievances from the students are addressed at three level. The students can appeal to the upper level only if the grievances are not satisfactorily addressed by the primary level.

1. **Department Level:** It is chaired by the Head of the Department.
2. **College Level:** The Principal is the Chairman of this committee. It has a Co-ordinator, HOD of the concerned department and a senior teacher nominated by the College council as its member.
3. **University Level:** It is constituted by the Vice-Chancellor.

Empowering Excellence Through Outcome-Based Education (OBE)

BCM College adopts Outcome-Based Education (OBE) to ensure a student-centric learning approach focused on achieving specific skills and competencies. This system emphasizes measurable outcomes, preparing students to excel academically, professionally, and socially while fostering critical thinking and problem-solving abilities.

GRADUATE PROGRAMME OUTCOMES

- | GPO NO. | Graduate Programme Outcomes |
|----------------|--|
| GPONo.1 | Disciplinary Knowledge & Critical Thinking: Articulate knowledge of one or more disciplines that form a part of UG programme. Critically think, analyse, apply and evaluate various information and follow scientific approach to the development of knowledge. |
| GPONo.2 | Communication Skill: Communicate thoughts and ideas clearly in writing and orally. Develop careful listening, logical thinking and proficiency in inter personal communication. |
| GPONo.3 | Environmental Awareness: Sustainable approach to use of natural resources. Capable of addressing issues, promoting values and give up practices that harm the ecosystem and our planet. |
| GPONo.4 | Ethical Awareness: Uphold ethics/morals in all spheres of life. Identify and avoid unethical behaviour in all aspects of work. |
| GPONo.5 | Social Commitment: Be aware of individual roles in society as nation builders, contributing to the betterment of society. Foster social skills to value fellow beings and be aware of one's responsibilities as international citizens. |
| GPONo.6 | Life long learners: Equip students to be life long learners. Be flexible to take up the changing demands of work place as well as for personal spheres of activities. |

PROGRAMME SPECIFIC OUTCOMES

B A - History

PSO No. Outcomes

- PSO1 To evolve a strong theoretical base to understand various issues and trends in social sciences
- PSO2 Develop progressive and humanistic approach to socio cultural and political problems
- PSO3 Inculcate moral and ethical values among students
- PSO4 Develop a reverent awareness of the achievements of ancient and contemporary societies
- PSO5 Develop a sense of self-esteem and confidence and mold good citizen
- PSO6 Understand the socio-economic and political changes in pre-colonial and modern Kerala
- PSO7 Inculcate patriotism and nationalism through catering the ethos of national movement
- PSO8 Develop a world view of peace, harmony and toleration footing on the historical roots of the modern world
- PSO9 Understand the deliberate efforts in historiography to distort and misinterpret history for achieving political ends
- PSO10 Evaluate the transformation of Indian polity in the pre-colonial and post-colonial period
- PSO11 Understand the concept of gender and its socio- historical constructions in India
- PSO12 Analyze different economic systems and their developments in international context
- PSO13 Enrich creative and critical thinking skills in social science
- PSO14 Help the student to contribute in the field of historical research by synthesizing historical facts
- PSO15 Understand the principles and methods of Archaeology

B A - Economics

PSO No. Outcomes

- PSO1 Analyse real life problems from an economic perspective and find solutions to it.
- PSO2 Compare and contrast various economic policies framed by the authorities and give suggestions for improvement.
- PSO3 Develop entrepreneurial skills that ensure confidence and a sense of self-reliance.

- PSO4 Judge the current economic situation by looking at the market movements and make investment decisions accordingly.
- PSO5 Develop a strong base in subject knowledge that ensure admission in well rated institutions for higher studies.
- PSO6 Create communication skills especially on economic matters that enable them to grab good employment opportunities.
- PSO7 Use research skills acquired through pedagogical strategies and field surveys for reaching new heights in Economics
- PSO8 Create civic consciousness, a sense of environmental concern and passion towards fellow beings.
- PSO9 Use the quantitative knowledge for securing good jobs in banks and similar institutions.

B A - Sociology

PSO No. Outcomes

- PSO1 Understand the evolution of major sociological concepts
- PSO2 Understand key sociological concepts and theories
- PSO3 Understand and critique sociological theories
- PSO4 Understand the various methodological tools used in deciphering social reality
- PSO5 Analyse contemporary social issues from a sociological perspective
- PSO6 Understand the features of Indian society
- PSO7 Apply research methods in research studies.
- PSO8 Create are search project to study a contemporary social problem and produce research outcomes
- PSO9 Analyse various developmental and environmental issues through theoretical understanding
- PSO10 Understand and evaluate human rights issues in contemporary society

B A - English Model 1

PSO No. Outcomes

- PSO1 Define Historicity and Contemporaneity of Language and Literature
- PSO2 Describe how daily activities and affairs are linked with social and cultural activities
- PSO3 Implement linguistic and communicative abilities.
- PSO4 Deconstruct cultural conventions and attribute novelty in research
- PSO5 Evaluate and rationally critique literary texts
- PSO6 Generate Alternate Styles of Writing

- PSO7 Compare and contrast English Literatures across the world
- PSO8 Enable students to improve their overall Communication and writing skill required for various job opportunities.
- PSO9 Understanding the basic concept of psychology as a scientific discipline

B A - English Model 2

PSO No. Outcomes

- PSO1 Define Historicity and Contemporaneity of Language and Literature
- PSO2 Describe how daily activities and affairs are linked with social and cultural activities
- PSO3 Implement linguistic and communicative abilities.
- PSO4 Deconstruct cultural conventions and attribute novelty in research
- PSO5 Evaluate and rationally critique literary texts
- PSO6 Generate alternate styles of writing
- PSO7 Compare and contrast English Literatures across the world
- PSO8 Understand basic accounting concepts and enable students to prepare the financial statements of business organizations.
- PSO9 Enable students to improve their overall Communication and writing skill required for various job opportunities.
- PSO10 Enhanced knowledge on office management

B.Sc. Mathematics

PSO No. Outcomes

- PSO1 To understand the fundamental concepts of mathematics and to develop deep interest in Mathematics and its all idareas.
- PSO2 To understand mathematics as a language which can be used for all scientific studies.
- PSO3 To enrich problem solving, computational, mathematical reasoning skills.
- PSO4 To apply various theories and concepts in mathematics to solve, analyse, practical problems.
- PSO5 To prepare the students to pursue higher education in mathematics by improving their abstract mathematical and statistical skills.
- PSO6 To understand the basics of summarising the data and deduct conclusions about the large group based on the proportion of the group.

PSO7 To enable students to describe the various concepts in mathematics and effectively communicate and interact among a diverse set of audience.

B.Sc. Physics

PSO No. Outcomes

PSO1 Understand basic concepts of different branches of Physics like, thermodynamics, Classical and Quantum Mechanics, and electro dynamics.

PSO2 Apply the principles of Physics in day-to-day life.

PSO3 Develop the expertise in operating different electrical, electronic, optical, and mechanical instruments

PSO4 Develop the skills in performing, analyzing and documenting laboratory experiments.

PSO5 Develop analytical thinking and problem solving skills.

PSO6 Equip students for their future careers by inculcating the qualities of accuracy, clarity of thought and expression, and systematic approach.

PSO7 Develop awareness regarding the need for eco-friendly and sustainable technological use.

B. Sc. Chemistry

PSO No. Outcomes

PSO1 Understand primary concepts of Organic, Inorganic, Physical, Environmental, Analytical and Polymer Chemistry.

PSO2 Identify and analyse organic and inorganic compounds using conventional and microscale methods.

PSO3 Understand the evolution of Chemistry.

PSO4 Interpret analytical data in terms of graphical data and statistical treatment.

PSO5 Solve problems based on concepts in Physical Chemistry.

PSO6 Design small research problems as an initiative to create research interest in students.

PSO7 Implement safety measures in laboratories.

PSO8 Clarify the civil, political, economic, social and cultural rights.

PSO9 Use concepts, tools and techniques related to Mathematics and Physics to acquire required knowledge and its application in Chemistry.

PSO10 Organize and deliver relevant applications of knowledge through effective written, verbal, graphical/virtual communications and interact productively with people from diverse backgrounds.

B.Sc. Botany

PSO No. Outcomes

PSO1 Understand the universal nature of plant science, exemplify different types of classification in living kingdom, and develop basic skills to study Botany. Understand the world of micro organisms and adaptives strategies. Discuss the economic and pathologic importance of microorganisms.

PSO2 Summarize the evolutionary importance of Algae and Bryophytes. Illustrate the external morphology, internal structure and reproduction of different types of Bryophytes and Algae. Apply Phycology indifferent fields. Extrapolate current development in the field of Bio technology and Bio informatics. Instantiate students in micro propagation techniques. Carry out DNA isolation.

PSO3 Interpolate the diversity in habit, habitat and organization of different groups of plants. Remember the modern classification in lower forms of plants. Understand the evolutionary trends in Pteridophytes and Gymnosperms. Understand the significance of Palaeo botany. Understand the anatomy and structural adaptations of Angiosperms. Instantiate the morphology and development of reproductive parts in Angiosperms. Identify the reproductive structures in Angiosperms.

PSO4 Implement students to conduct independent research and prepare research reports. Illustrate different tools and techniques used in research work. Discuss basic computer skills necessary for research. Generalize students to have enough numerical skills for research. Understand plants with immense economic importance. Clarify floral features of different Angiosperms. Identify the common species of plants growing in Kerala and their systematic position. Understand the scope and significance of Ethnobotany and different plants used in daily life by tribal.

PSO5 Subsume an insight into the principles of heredity. Illustrate the methods of crop improvement. Discuss the importance of horticulture. Execute the skills in gardening. Analysis of pedigree. Compute allelic frequencies. Calculate recombination frequencies

and determination of map distances. Understand the ultra-structure and functioning of cell in sub microscopic and molecular level. Identify different stages of Mitosis and calculate Mitotic index. Identify and study the chromosomal anomalies. Abstract cytological aspects of growth and development. Carry out elementary problems on DNA structure, replication, transcription and Genetic code.

PSO6 Describe basic skills and techniques related to plant physiology. Illustrate basic knowledge about plant functioning. Interpolate role, structure and importance of biomolecules in plant life. Abstract the significance of environmental science. Exemplify about the extent of the total biodiversity and the importance of their conservation. Discuss various kinds of pollution in the environment and their control measures. Monitor about various environmental laws in India and the role of various movements in the protection of nature. Understand basic human rights. Determine CO₂, Cl and alkalinity of watersamples. Calculation of pH of soil and water samples. Calculate abundance and frequency of plant species by quadrature methods.

PSO7 Understand the business opportunities in the field of Plant Science. Recognize different types of ornamental gardening, nursery management and mushroom cultivation. Generalize sustainable agriculture and organic farming.

B.Sc. Zoology

PSO No. Outcomes

PSO1 Understands the general perspectives in basic sciences, distribution and classification of animals, salient features, structure, organisation, diversity and interactions with their environment.

PSO2 Understand the internal structure of cell, functions of cell organelles and correlates the physiological and biochemical aspects of animal as well as human body.

PSO3 Understands the complex evolutionary history of origin of life, animal phylogeny, animal behavior, ecological concepts, importance of biodiversity, environmental protection and conservation of nature and natural resources.

PSO4 Understands the concepts of heredity and variations, genetic disorders and its application in human traits, human

- reproduction and assisted reproductive technologies and reproductive health.
- PSO5 Apply the knowledge of apiculture, vermicomposting, aquaculture and animal breeding to carry out self employment, entrepreneurship and development of small scale industries.
- PSO6 Develops practical skills in the areas of biochemistry, physiology, bio technology genetics, microbiology, developmental biology, bio informatics, taxonomy, applied zoology and ecology.
- PSO7 Apply their knowledge to carry out research in biology, biological data management and generation of data bank for uploading of nucleotide sequences.
- PSO8 Designs and constructs novel plans for dealing emerging diseases, pollution, water scarcity, natural disasters and resource management.
- PSO9 Contributes and evaluates their knowledge about environment and its sustainability, its relation to human kind, agriculture, medicine and sociobiology in nation building.
- PSO10 Underst and the importance of maintaining good physical, mental and social health and to apply different strategies such as balanced diet, life skill education and safety education in day-to-day life.

B.Sc. Family and Community Science

PSO No. Outcomes

- PSO1 To understanding the extension education in the field of nutrition and health, Women and child development, apparel and fabric design, resource management and public awareness with a view to better family and community living.
- PSO2 To understand how to handle family and individual well- being according to their financial, psychological, biological, cultural and social health.
- PSO3 Apply skills to improve every facet of your home life – food, clothing, health, childcare, personal finance, religion, culture, arts, home beautification, etc.
- PSO4 Basic knowledge of the process of teaching, networking and developing educational materials based on innovative, interactive and Participatory communication strategies.
- PSO5 Focus on professional training and skill enhancement in order to provide and widen employment opportunities for women through a continuously updated curriculum.

B.Com Finance and Taxation

PSO No. Outcomes

- PSO 1 To recognize features and roles of businessmen, entrepreneurs, managers etc which will help to possess knowledge about the modern era of Commerce and to manage the business effectively
- PSO 2 To enable a student to be capable of making decisions at personal and professional level.
- PSO 3 To demonstrate progressive learning of various tax issues and tax forms related to individuals.
- PSO 4 To integrate skill, knowledge and attitude that will sustain an environment of learning and creativity among students.
- PSO 5 To create a strong foundation of knowledge in different areas of Commerce.
- PSO 6 To enrich the students with communication, ethical values, team work, professional and leadership skill.
- PSO 7 To prepare the students to enter Masters Programme like M. Com, MBA and pursue professional Programme like CA, CMA, CS etc.
- PSO8 To familiarize the students to Indian Financial markets.
- PSO9 To Increase the awareness about environment resources, issues and problems and the prevailing human rights laws in India.
- PSO10 To make the student competent enough to apply the financial accounting rules to create, develop, analyze and interpret balance sheet, income statement and cost statement.

B. Sc. Food Science and Quality Control

PSO No. Outcomes

- PSO1 Understand the multi-disciplinary sciences involved in Food, Safety and its Management and related subject enrichment.
- PSO2 Develop practical skills in laboratory knowledge and skills in basic food chemistry, microbiology and analysis of foods at basic and advanced levels.
- PSO3 Develop Communication skill and critical thinking, Industrial skill, with on the job training and industrial projects in reputed food industries, food certification programmes.
- PSO4 Interpretations and explanations of testing methods employed in practical and theory, its levels, accuracy and significance.
- PSO5 Generate Skill in handling food related micro organisms, chemicals, personal and consumer safety and implementation of sanitation and hygienic techniques in industry.

- PSO6 Differentiate concepts, tools and techniques related to statistical analysis, applied zoology, advanced chemistry and its applications in the science of Foods.
- PSO7 Creation of Product Formulations Asa Basis for Research and Development.
- PSO8 Understanding environmental issues, Human Rights, Its Over exploitation and its drastic effect on food chain as well as remedial measures to be adopted.
- PSO9 Basic understanding of management and entrepreneurship as options for startups.

B. Sc. Computer Science

PSO No. Outcomes

- PSO1 Design, Implement, Test and Evaluate a Computer System, Component or Algorithm to Meet Desired Needs and to Solve A Computational Problem.
- PSO2 Create And Understand Different Programming Languages, Basic Theory And Summarise Different recent Technologies.
- PSO3 Understand The Principles And Working Of Computer System (Hardware And Software Aspects Of Computer)
- PSO4 Analyse And Execute Different Professional And Discipline Aspects.
- PSO5 Execute Knowledge Of Probability And Statistics Including Application Appropriate To Computer Science
- PSO6 Analyse The Structure Of English Phonetics And Grammar And Also Improve Communication Skills. Improve The Skills Of Food Science And Commercial Aspects Also.

B. Com Computer Application

PSO No. Outcomes

- PSO1 To recognize features and roles of businessmen, entrepreneurs, managers etc which will help to possess knowledge about the modern era of Commerce and to manage the business effectively.
- PSO2 To enable a student to be capable of making decisions at personal and professional level.
- PSO3 To gain knowledge in setting up a computerized set of accounting books.
- PSO4 To integrate skill, knowledge and attitude that will sustain an environment of learning and creativity among students.
- PSO5 To create a strong foundation of knowledge in different areas of Commerce.

- PSO6 To enrich the students with communication, ethical values, team work, professional and leadership skill.

MENTORING SYSTEM

At the commencement of each academic year, every student at BCM College is allocated to dedicated mentors to provide personalized guidance and support. These mentors undertake the responsibility of nurturing a diverse group of mentees, spanning across first, second, and third-year students. Importantly, the mentoring dynamics are refreshed annually for students, as they are paired with different mentors each academic year. This deliberate rotation not only ensures a comprehensive mentoring experience for students but also cultivates a wider network of support and guidance throughout their educational journey.

INTERNAL QUALITY ASSURANCE CELL (IQAC)

The Internal Quality Assurance Cell (IQAC) was established in January 2004. Members of IQAC meet once a month and evaluate the activities of the college. This serves as a mechanism for internal quality check. The IQAC gives the necessary suggestions to the college council, and the Principal for improvement of quality. Annual quality assurance report is sent every year to the NAAC along with the proposed plan for the coming year.

GRIEVANCE REDRESSAL CELL

The College has formed a Grievance Redressal Cell in order to address and resolve any grievances of the staff and the students. A grievance redressal box has been placed in front of the office. The issues are taken up at the end of every week by the grievance redressal cell formed by the College.

SCHOLARSHIP CELL

The College instituted a scholarship cell with the vision of supporting students to pursue their dreams irrespective of socio-economic backgrounds. The Scholarship cell takes initiatives to avail various avenues for financial help, including scholarships, freeships and endowments to needy students. BCM scholarship cell frames an efficient network for disseminating individual attention, financial support & encouragement to each student.

RESEARCH DEVELOPMENT CELL

The College has a Research Development Cell consisting of the Principal and faculty members to monitor and address the issues of research. The cell provides timely intimation of the research schemes, identifies the research opportunities and funding agencies and encourages the faculty and students to conduct subject related research work and weekly presentations in RDC clusters. It also evaluates and monitors the research projects which were undertaken by the faculty and students.

PARENT - TEACHER ASSOCIATION

The P.T.A. is formed with the main aim of fostering and promoting healthy relationship among the members of the teaching staff, the

students and the parents of students. The association is enabled to create an interest for the smooth working and progress of the college and for maintaining good discipline and high academic standards. Class-wise P.T.A. meetings are conducted every academic year.

ALUMNI ASSOCIATION - B.C.M. BEAMS

The Alumni Association of the college functions well. The aims and objectives of the association are:-

- ◆ To keep the alumni in constant touch with their Alma-mater.
- ◆ To co-operate with and contribute towards the growth of the mother institution.
- ◆ To mobilise financial assistance for the developmental activities of the college.
- ◆ To help the college for attaining the objectives of higher education.

Every year October 2nd is celebrated as B.C.M. Beams day, the annual college alumni meet.
